COUNCIL

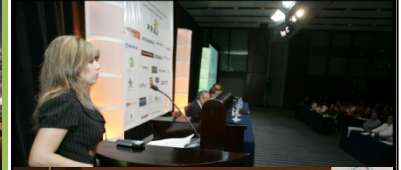

FLORIDA'S LARGEST INTERNATIONAL EVENT OF 2011

WHY EXHIBIT?

The Asia Expo is an excellent opportunity for USA companies to export their quality products and services to Asia, and for Asian companies to find buyers for their quality products and services in America. You will meet distributors, representatives, potential buyers, network and expand with local, national and international business community, you will make new business contacts, grow your client portfolio, increase sales, access decision makers, explore new markets, launch a new product or service, build brand awareness, market research, maintain or extend relationships with existing customers, meet thousands of potential clients and more.

WHY ATTEND?

Find the latest products and services at this powerful multi-sector expo, obtain international finance for your business, learn about global trends at the industry specific conferences from the experts, access to business information and organizations at the Business Resource Center, opportunities to find sellers and buyers for your product or service, enjoy the cultural activities and advance your education to stay ahead of the competition

**Introducing the Second Annual Asia Business Expo
September 15-17, 2011**

Connecting Exporters and Importers at One Great Event

The Global Business Council, Bangladesh American Chamber of Commerce and the India Business Council are proud to present the second annual Asia Business Expo!

The Expo will give you maximum exposure to potential clients and the ability to develop strategic alliances with many organizations in the US and in Asia. Connecting sellers and buyers worldwide, impacting local economic development through exporting, resulting in the creation of jobs.

The event includes display booths, entertainment, education, round table discussions, seminars, culture and networking. In addition to all the features of the last expo, the Second Annual Asia Business Expo will bring companies, buyers, distributors, representatives, entrepreneurs, investors, key government officials, ambassadors and ministers, as well as chamber executives from Asia and USA. This year the expo will highlight Bangladesh, India and Pakistan.

The objective of this multi-sector business event is to highlight Export, Import, Travel and Tourism, Business, Franchising, Education, Trade, and the lifestyle and culture of countries in Asia. We accomplish this by collaborating with government agencies, chambers of commerce and business leaders from other countries to provide you with useful and practical trade information to help to expand around the globe.

The first annual Asia Business Expo was a tremendous success as we brought Asian companies, business, government and community leaders from Florida to one exclusive event at the Broward County Convention center to connect and network with the South Florida private and public sectors.

This exclusive export-import event is design to facilitate a two way trade of products and services. Your company will have access to many opportunities.

We are committed to make a positive impact in the communities we serve around the world. The Asia Business Expo will create a Japan Earthquake Relief Fund to help the victims from the disaster.
